**STATEMENT TO SHAREHOLDERS IN RELATION TO THE
PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK**

FAVELLE FAVCO BERHAD

(Company No. 249243-W)
(Incorporated in Malaysia)

STATEMENT TO SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

1. INTRODUCTION

The Company had announced on 7 April 2017 that it will be seeking shareholders' approval at its 25th AGM to be held on 22 June 2017 for the proposed renewal of authority for the purchase by FFB of its own shares of up to ten percent (10%) of the total number of issued Shares at the point of purchase ("Proposed Share Buy-Back").

This Statement serves to provide you with the relevant information on the Proposed Share Buy-Back, to set out your Board's recommendation thereon and to seek your approval for the ordinary resolution in respect of the Proposed Share Buy-Back to be tabled at the forthcoming AGM.

The Notice of AGM together with the Form of Proxy are enclosed in the Annual Report 2016.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

At the 24th AGM of the Company held on Thursday, 2 June 2016, the shareholders had approved the renewal of authority for the Company to buy back up to ten percent (10%) of its total number of issued Shares at the point of purchase. The said approval will expire at the conclusion of the forthcoming AGM of the Company unless renewed by an ordinary resolution passed by the shareholders.

The maximum number of shares that may be bought-back of up to ten percent (10%) of the total number of issued Shares of the Company would include all shares which have been previously bought-back and cancelled or retained as Treasury Shares. As at 31 March 2017, a total of 10,000 Shares are being held as Treasury Shares.

The renewal of the authority for the purchase by the Company of its own shares will be effective immediately upon the passing of the ordinary resolution on the Proposed Share Buy-Back at its 25th AGM to be held on 22 June 2017 until:

- (i) the conclusion of the next AGM of the Company; or
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) revoked or varied by ordinary resolution passed by the shareholders in general meeting,

Whichever is the earliest.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, if implemented, may potentially benefit the Company and its shareholders as follows:

- a) This would stabilise the supply and demand of FFB Shares in the open market and thereby supporting the fundamental value of the Shares.
- b) The Purchased Shares can be retained as Treasury Shares and resold on Bursa Securities at a higher price with the intention of realising potential capital gain without affecting the total number of issued share capital of the Company and/or be distributed as share dividend as a reward to its shareholders.
- c) All things being equal, the Proposed Share Buy-Back, irrespective of whether the Purchased Shares are held as Treasury Shares or cancelled, will result in a lower number of FFB Shares being taken into account for the purpose of computing the EPS of FFB Shares. The purchase of FFB Shares by FFB will improve the EPS of FFB, which in turn is expected to have a positive impact on the share price of FFB Shares. Thereby, enabling long-term and genuine investor to enjoy potential corresponding increase in the value of investments in the Company.

4. FUNDING FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back will allow the Board to purchase FFB Shares at any time within the Proposed Authorised Period. The Board proposes to allocate an amount of funds not exceeding the retained profits of the Company for the purchase of its own Shares pursuant to the Proposed Share Buy-Back. The retained profits of the Company based on its latest audited financial statements for the financial year ended 31 December 2016 approximately amounted to RM71 million.

The amount of funds allocated for the purchase of its own Shares pursuant to the Proposed Share Buy-Back shall be financed from internally generated funds and/or external borrowings, the proportion of which will only be determined later depending on the available internally generated funds, actual number of Shares to be purchased and other relevant cost factors. In the event the Proposed Share Buy-Back is to be partly financed by external borrowings, the Board will ensure that the Company has sufficient funds to repay external borrowings and service the interests and that the repayment will not have any material effect on the cash flow of the FFB Group.

5. ADVANTAGES AND DISADVANTAGES

In addition to the potential advantages mentioned in Section 3 above, the Proposed Share Buy-Back, if exercised, may also potentially benefit the Company as follows:

- (a) The EPS of FFB Shares and the return on equity of FFB, assuming all other things being equal, would be enhanced resulting from the smaller issued share capital of the Company. This is expected to have a positive impact on the market price of FFB Shares which will benefit the shareholders of FFB; and
- (b) Allow FFB the flexibility in achieving the desired capital structure, in terms of its debt and equity composition and the size of its equity.

The potential disadvantages of the Proposed Share Buy-Back, if exercised, are as follows:

- (a) Will reduce the financial resources of the Company and may result in the Group forgoing better investment opportunities that may emerge in the future; and

- (b) As the Proposed Share Buy-Back can only be made out of retained profit, it may result in the reduction of financial resources available for distribution to the shareholders of the Company in the immediate future.

Nevertheless, the Board is mindful of the interests of the Company and its shareholders in undertaking the Proposed Share Buy-Back. The Proposed Share Buy-Back will be exercised only after careful consideration of the financial resources of the FFB Group, and of the resultant impact on the Company and its shareholders.

6. EFFECTS OF THE PROPOSED SHARE BUY-BACK

Assuming that the Company purchases Shares representing ten percent (10%) of its issued share capital as at LPD, the effects of the Proposed Share Buy-Back on the share capital, NA, working capital, earnings and dividends are set out as follows:

6.1 Share Capital

The Proposed Share Buy-Back will result in the reduction of the total number of issued share capital of the Company if the Purchase Shares are cancelled. The proforma effect of the Proposed Share Buy-Back on the total issued share capital of FFB as at LPD assuming the Purchase Shares are cancelled and assuming that the Proposed Share Buy-Back is carried out in full, is illustrated below:

	No. of Shares
Issued share capital as at LPD*	221,402,763
Maximum number of Shares which may be purchased and cancelled pursuant to the Proposed Share Buy-Back	(22,140,276)
Resulting issued share capital upon completion of cancellation of maximum number of Shares which may be purchased under the Proposed Share Buy-Back	199,262,487

Notes:

* *The above illustration is on the assumption that a total of 10,000 Treasury Shares held on LPD are not cancelled.*

The Proposed Share Buy-Back will not have any effect on the share capital of the Group if the Purchased Shares are retained as Treasury Shares.

6.2 NA

Depending on the purchase price and number of Shares purchased, the Proposed Share Buy-Back will reduce the consolidated NA per Share at the time of purchase if the purchase price exceeds the consolidated NA per Share and conversely will increase the consolidated NA per Share at the time of purchase if the purchase price is less than the consolidated NA per Share.

Should the Purchased Shares be resold, the consolidated NA per Share will increase if the Company realises a gain from the resale, and vice versa.

6.3 Working Capital

The implementation of the Proposed Share Buy-Back is likely to reduce the working capital of the Group, the quantum being dependent on the number of FFB Shares being purchased, the purchase price(s) and the amount of financial resources to be utilised for the purchase of FFB Shares.

For the Purchased Shares retained as Treasury Shares, upon its resale, the working capital of the Company will increase. Again, the quantum of the increase in the

working capital will depend on the actual selling price of the Treasury Shares resold, the effective gain or interest saving arising and the gain or loss from the disposal.

6.4 Earnings

The effects of the Proposed Share Buy-Back on the consolidated earnings of FFB would depend on the purchase price and number of Shares purchased as well as the effective funding cost to the Company in implementing the Proposed Share Buy-Back. The reduction in the number of Shares applied in the computation of the consolidated EPS pursuant to the Proposed Share Buy-Back may generally, all else being equal, have a positive impact on the consolidated EPS for the financial year when the Proposed Share Buy-Back is implemented. Should the Purchased Shares be resold, the extent of the impact to the earnings of FFB Group will depend on the actual selling price, the number of Treasury Shares resold, the effective funding cost and the gain or loss on the disposal, if any.

6.5 Dividends

The Board proposed a First and Final Dividend tax exempt dividend of 15 sen per ordinary share in respect of the financial year ended 31 December 2016, subject to the approval of the shareholders at the forthcoming AGM. Barring any unforeseen circumstances, the Board does not expect the Proposed Share Buy-Back to materially affect the dividend policy of the Company. The actual dividend rate to be declared and paid will depend on, among others, the actual results of our Group, its cash reserves, capital commitment and future funding requirements.

7. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' SHAREHOLDINGS

In the event that all the Purchased Shares are cancelled and on the assumption that the Proposed Share Buy-Back is exercised in full and that the Company will purchase the Shares from shareholders other than the directors and substantial shareholders, the proforma effect of the Proposed Share Buy-Back on the shareholdings of the directors, substantial shareholders of FFB and persons connected as at LPD, are set out as follows:

8. PUBLIC SHAREHOLDING SPREAD

As at LPD, approximately 70,234,207 Shares representing 31.72% of the issued and paid-up share capital of the Company were held by 4,602 public shareholders. The Board will endeavour to ensure that the Proposed Share Buy-Back will not breach Paragraph 12.14 of the Listing Requirements, which states that a listed company must not purchase its own shares on Bursa Securities if the purchase(s) will result in the listed company being in breach of Paragraph 8.02(1) of the Listing Requirements. Paragraph 8.02(1) of the Listing Requirements states that a listed issuer must ensure at least 25% of its total listed shares are in the hands of the public shareholders holding.

The Board undertakes that any proposed purchase of the FFB Shares would only be conducted in accordance with laws prevailing at the time of the purchase including compliance with the twenty-five percent (25%) public shareholding spread as required by the Listing Requirements.

9. IMPLICATION RELATING TO THE CODE

There is no implication relating to the Code arising from the Proposed Share Buy-Back.

It is the intention of FFB to implement the Proposed Share Buy-Back in a manner that will not result in any of the shareholders of FFB having to undertake a mandatory offer pursuant to the Code.

10. PURCHASES OF SHARES OR RESALE OR CANCELLATION OF TREASURY SHARES IN THE LAST FINANCIAL YEAR

During the financial year ended 31 December 2016, the Company has not purchased any FFB Shares from the open market. There was also no resale or cancellation of treasury shares during the same period.

11. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

Save for the proportionate increase in the percentage of shareholdings and/or voting rights in their capacity as shareholders as a consequence of the Proposed Share Buy-Back, none of the Directors or substantial shareholders of the Company or persons connected with them has any interest, direct or indirect, in the Proposed Share Buy-Back, or in the resale of the Treasury Shares, if any.

12. DIRECTORS' RECOMMENDATION

The Board, having considered all aspects of the Proposed Share Buy-Back and after careful consideration, is of the opinion that the Proposed Share Buy-Back is in the best interest of the Company and its shareholders. Accordingly, the Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming AGM.

Yours faithfully
For and on behalf of the Board of Directors of

2.1.3 Guidelines and Review Procedures for RRPT

The Audit Committee will be tasked with the review and approval of the RRPT to ensure that the relevant companies undertake such transactions on an arm's length basis and on normal commercial terms and to supervise the existing internal control procedures of the Group.

The following guidelines will apply to the review and approval of RRPT to ensure that the RRPT are undertaken on an arm's length basis, on transaction prices and terms not more favourable to the Related Parties than those generally available to the public and the RRPT are not detrimental to the minority shareholders of FFB.

- (i) Any tender, quotation or contract received from or proposed to be entered into with Related Parties will not be approved unless:
 - (a) the pricing for services, products and materials and/or equipment to be provided or supplied and/or received or purchased is determined in accordance with the Group's usual business practices and policies, as mentioned in Section 2.1.3(c) and (d) below and consistent with the usual margins of the Group with unrelated third parties;
 - (b) the terms are not more favourable to the Related Parties than those extended to unrelated third parties and available to the public and the RRPT are not detrimental to the minority shareholders of FFB;
 - (c) in respect of the provision and/or supply of services and/or purchase of equipment, machinery and/or products after taking into account factors such as pricing, quality, delivery schedules and, where applicable, preferential rates, rebates or discounts accorded for bulk purchases, the terms offered are fair, reasonable and on the FFB Group's commercial rates; and
 - (d) at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services/equipment and/or quantities will be used as comparison, (wherever practical and/or possible), to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third party cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products/services, or if the product/services is a proprietary item), the transaction price will be determined by the Group in accordance with prevailing commercial rates/terms, business practices and policies or otherwise in accordance with applicable industry norms or market knowledge to ensure that the RRPT is not detrimental to the Group. Besides pricing, FFB Group also has a policy that priority and/or selection of vendors and/or suppliers are not based on pricing alone but also on other intrinsic qualities such as quality and nature of goods or services, reliability, lead time and all other relevant business circumstances and considerations to ensure that the RRPT is not detrimental to FFB Group.

- (ii) The Company has in place an internal authority limit governing business transactions including RRPT. Such internal authority limit would include approval thresholds, which vary depending on inter alia, the type of transactions and based on grounds of practicality of the business and/or operations viewpoint unique to the Group. Generally, a transaction shall be first reviewed and/or agreed by the relevant personnel in charge and/or Head of Business Units/Departments prior to the approval of either the senior management and/or Executive Directors and/or the Managing Director in accordance with the internal authority limit procedure, (where applicable). Subsequently, the Audit Committee will review the management's reports on RRPT at the quarterly meetings of the Audit Committee.
- (iii) The Audit Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or advisers.
- (iv) In addition to the guidelines set out above, the Audit Committee will also undertake the following:
 - (a) review from time to time the RRPT being undertaken by the FFB Group;
 - (b) carry out an annual review to ascertain that the established guidelines and procedures for RRPT have been complied with; and

- (vi) Further, where any Director or person connected to the Director have an interest (direct or indirect) in any RRPT, such Director shall abstain from all deliberations and voting on any matter relating to any decision to be taken by the Board in respect of the RRPT at the relevant Board meetings. Where any member of the Audit Committee is interested in any RRPT, that member shall abstain from all deliberations and voting on any matter relating to any decision to be taken by the Audit Committee in respect of the RRPT at the relevant Audit Committee meetings.

2.1.4 Statement by Audit Committee

The Audit Committee has seen and reviewed the procedures mentioned in Section 2.1.3 above and is satisfied that the said procedures are sufficient to ensure that the RRPT as well as the annual review by the Audit Committee in relation thereto, are carried out on normal commercial terms which are not prejudicial to the interests of shareholders of FFB, and the terms are not more favourable to the Related Parties than those generally available to the public and such transactions are not detrimental to the interests of the minority shareholders of FFB. The Audit Committee is satisfied that the Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner, and the frequency of review of these procedures and processes which is carried out on quarterly basis.

Save and except as disclosed in Section 2.1.2, none of the members of the Audit Committee has any interest in any of the RRPT.

As at the date of the Circular, the composition of the Audit Committee is as follows:

Tan Sri A. Razak bin Ramli (<i>Senior Independent Non-Executive Director</i>)	Chairman
Tan Sri Dato' Seri Ahmad Ramli bin Haji Mohd Nor (<i>Independent Non-Executive Director</i>)	Member
Lim Teik Hin (<i>Non-Independent Non-Executive Director</i>)	Member
Sobri bin Abu (<i>Independent Non-Executive Director</i>)	Member

The Audit Committee shall periodically review the RRPT and also review the established guidelines and procedures to ascertain their compliance. If during the periodic reviews, the Audit Committee is of the opinion that the guidelines and procedures are not sufficient to ensure that the RRPT:

- will be conducted on an arm's length basis;
- are on normal commercial terms in the ordinary course of business;
- are not more favourable to the Related Parties than those generally available to the public;
- are not more prejudicial to the interests of shareholders; and
- are not detrimental to the interests of minority shareholders

the Company will seek a fresh mandate based on new guidelines and procedures.

2.1.5 Benefits to the Group from the RRPT

The RRPT entered into by FFB Group are intended to meet business needs at the best possible terms. The FFB Group should be able to generate sales revenue from its customers which includes its Related Party. Transacting with its Related Party also enhances the ability to explore other business opportunities which will be beneficial to the FFB Group. Further, the close working relationship with the Related Party in the RRPT will ensure timely delivery and provision of services, commitment and reliability of quality services for the FFB Group, to enable the smooth operation of the day-to-day business of the FFB Group.

3. RATIONALE FOR THE PROPOSED SHAREHOLDERS' MANDATE

The RRPT to be entered into by the Group with respect to which the Proposed Shareholder's Mandate is sought, are those transactions which will be carried out in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and which may arise at any time and from time to time. These RRPT may be constrained by the time-sensitive and frequent nature of such transactions, and it may be impractical to seek shareholders' approval on a case-by-case basis before entering into such RRPT. As such, the Board is seeking a shareholders' mandate pursuant to Part E, Paragraph 10.09 of the Listing Requirements for the RRPT described in Section 2.1.2 above to allow the Group to enter into such RRPT, which will be made on an arm's length basis and on normal commercial terms which are not more favourable to the Related Party than those generally

available to the public and are not to the detriment of the minority shareholders of the Company and which are not prejudicial to the interest of the shareholders.

By obtaining the mandate for the Proposed Shareholders' Mandate, the necessity to announce and convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT occur would not arise. The Proposed Shareholders' Mandate, if approved, would result in substantial savings of administrative time, inconvenience, costs and expenses for the Company where it would dispense the need for the Company to convene separate shareholders' meetings to approve the RRPT which are of a recurring nature, thus improving the administrative efficacy considerably and allow resources to be channelled towards meeting its other corporate objectives and pursuing business opportunities.

The RRPT entered into by the FFB Group are intended to meet business needs at the best possible terms. The FFB Group should be able to generate sales revenue from its customers which includes its Related Party. Transacting with its Related Party also enhances the ability to explore other business opportunities which will be beneficial to the FFB Group. Further, the close working relationship with Related Party in the RRPT will ensure timely delivery and provision of services, commitment and reliability of quality services for the FFB Group, to enable the smooth operation of the day-to-day business of the FFB Group.

4. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate will not have any effect on the share capital and shareholding structure of the Company, consolidated NA and earnings of the FFB Group.

5. AMOUNT DUE FROM THE RELATED PARTIES

The breakdown of the principal sum (without interest) for the total outstanding amount due to the Company from the Related Transacting Parties pursuant to Related Party Transactions which exceeded the credit terms for the following period as at the financial year ended 31 December 2016 are as follow:-

		1 year or less	More than 1 year to 3 years	More than 3 years to 5 years	More than 5 years

FO	390,112	390,112	-	-	-	-
Total	1,743,263	1,743,263	-	-	-	20,691

FFB Group does not charge interest on outstanding sums that are classified as short term in nature in the accounts i.e. amount less than one (1) year. The outstanding balances are to be cleared progressively. However, the Group is mindful of the implication of delay in payments and as such reminders will be sent to the Related Parties regarding the balance outstanding.

The Board is of the opinion that these outstanding sums will be paid by the respective Related Parties in due course. There will be no recoverability issues as the debtors are related parties with a long-standing business relationship with the Group and has proven to be creditworthy debtors with good payment records.
